

Cookie Notice

Project Management Center

Last revised: 03 March 2023

What is a cookie?

A cookie is a small text file placed on your device by the websites that you visit. Cookies are then sent back to the website on each subsequent visit, or to another webpage that recognizes that cookie. Cookies are used in order to make the website work, or to work more efficiently, as well as to provide information to the owners of the website. Such information may be used to provide a more personalized and responsive service. Cookies may be either first party cookies set directly by us to your device, or third-party cookies set by a third-party provider on our behalf. Whenever you use this Website, information may be collected through the use of cookies and other similar technologies (e.g., web beacons, tags, scripts, local storage).

Please note that this Cookie Notice is part of our [Privacy Notice](#).

Cookie Categorization

Cookies are usually classified into any one of the following categories:

- “Strictly Necessary” cookies are necessary for the Website to function and cannot be switched off in our systems. They are usually only set in response to actions made by you which amount to a request for services, such as setting your privacy preferences, logging in or filling in forms.
- “Analytics and Performance” cookies allow to track analytics by counting visits and traffic sources to measure and improve the performance of any Website. They may be set by the application team or by third party providers (e.g., Adobe, Akamai, Brightcove, Qualtrics) to know which pages or videos are the most and least popular and see how visitors move around the Website.

Below is the list of the cookies that are used by Project Management Center: Strictly necessary cookies

Always Active

These cookies are necessary for the website to function and cannot be switched off in our systems. They are usually only set in response to actions made by you which amount to a request for services, such as setting your privacy preferences or filling in forms.

Name	IS_WINDOID
Host	pmcenter.deloitte.com
Duration	Session
Type	First party
Description	Keeps the topmost popup window's handler. It gets cleaned when the popup closes.

How long will cookies remain on my device?

The length of time cookies will stay on your device will depend on whether it is a “persistent” or “session” cookie. A persistent cookie will be stored by a web browser and will remain valid until its set expiration date, unless deleted by you before the expiration date. A session cookie, on the other hand, will expire at the end of your web session, when the web browser is closed.
